COMPLIANCE

In pursuing the company mission as well as maintaining high quality standards, the production is located in Italy. The company does not use child labor in the production process.

The raw material used in the production process is high quality PVC (vinyl) in compliance with the REACH - EC 1907/2006 chemical regulation. In order to provide customers with increasing safety and quality, the Gymnic articles are completely free of phthalates, latex, lead and BPA.

ENVIRONMENT

The environmental issue and the safeguarding of our territory are very important topics to us. The manufacturing process does not generate any toxic exhaust emissions in the atmosphere, and 25% of the energy required is self-produced using renewable sources. With regards to the raw material used, the majority of our products are 100% recyclable (PVC 3 category) and all production waste is sent to recycling.

LOT NUMBER

EN In compliance with the European regulations for Toys and Medical Devices, the Gymnic products are provided with a four-digit tracking number (production lot). This identification number is applied on the product (or on the enclosed instructions) and on the master carton. In case of claim, this number needs to be reported in order to identify the production lot.

FR Conformément aux normes européennes concernant les Jouets et Dispositifs Médicaux, les produits Gymnic ont un numéro de traçabilité (lot de fabrication) composé de 4 chiffres. Ce numéro d'identification est apposé sur le produit (ou sur ses instructions) et sur le carton d'emballage. En cas de réclamation ce numéro est requis afin de pouvoir identifier le lot de production.

IT In ottemperanza alle normative europee riguardanti i Giocattoli e i Dispositivi Medici, i prodotti Gymnic sono dotati di un numero di tracciabilità (lotto di produzione) composto da 4 cifre. Tale numero identificativo è apposto sul prodotto (o sulle istruzioni ad esso allegate) e sul master carton. In caso di reclamo si richiede di citare tale numero al fine di poter identificare il lotto di produzione.

DE Entsprechend der europäischen Richtlinien über die Spielzeuge und die Medizinprodukte, sind die Gymnic Produkte mit einer vierstelligen Chargennummer gekennzeichnet. Diese Identifikationsnummer ist auf dem Produkt (oder auf den beigelegten Anleitungen) und auf dem Lieferkarton ermittelbar. Bei Beschwerden diese Nummer unbedingt anmelden, damit die Herstellungscharge identifiziert werden kann.

ES En conformidad a las Normativas Europeas sobre los Juguetes y los Dispositivos médicos, los productos Gymnic llevan un número de trazabilidad (lote de producción) compuesto por 4 cifras. Este número está aplicado al producto (o a las instrucciones adjuntas) y al master carton. En caso de reclamación, citar este número para poder identificar el lote de producción.

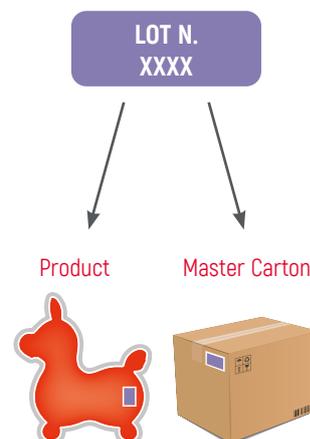

MEDICAL DEVICE

Physiotherapy and rehab are significant target markets for our company. For this reason, we offer a range of products that are specially designed to fulfil the requirements of the (EU) 2017/745 regulation about Class I Medical Devices. Each product belonging to this group is identified by the "Medical Device" logo and CE-marked.

TOYS

Products included in the Toy category are CE and UKCA marked and comply with the European Directive 2009/48/EC Toy Safety EN-71, the UK Toys Safety Regulations 2011 and the US ASTM F963-17 Standard Consumer Safety Specification on Toy Safety. The recommended age for a correct use is provided on the packaging and on the enclosed instructions.

GUARANTEE

EN The warranty period for the Gymnic products shall be **1 YEAR** from the date of the proof of purchase. The guarantee exclusively covers production failures. The manufacturer is not liable for any damages caused by improper use. In order to process a claim, the product at issue needs to be returned to the manufacturer for inspection.

FR Les produits Gymnic sont garantis **1 AN** dès la date de la preuve d'achat. La garantie s'entend seulement pour défauts de fabrication. Le fabricant n'assume aucune responsabilité pour tout dommage causé par une utilisation non appropriée du produit. Pour examiner toute réclamation, le produit doit être rendu au fabricant pour inspection.

IT I prodotti Gymnic sono garantiti per un periodo di **1 ANNO** dalla data della prova d'acquisto. La garanzia si intende solo per difetti di fabbricazione. Il fabbricante non risponde di danni causati da un uso non corretto del prodotto. Al fine di accogliere un reclamo, il prodotto in questione deve essere reso al fabbricante per l'ispezione.

DE Für die Gymnic Produkte beträgt die Garantiedauer **1 JAHR** ab Kaufbelegdatum. Garantie deckt ausschließlich Produktionsdefekte. Der Hersteller haftet nicht für Beschädigungen, die durch unkorrekte Verwendung verursacht sind. Voraussetzung für eine Gewährleistung ist die Zusendung des reklamierten Produktes an den Hersteller zur Prüfung.

ES Los productos Gymnic son garantizados por **1 AÑO** de la fecha de la prueba de compra. La garantía es válida sólo para defectos de fabricación. El productor no responde por daños causados por un uso incorrecto del producto. Para que la reclamación pueda ser aceptada, el producto tiene que ser devuelto al fabricante para la inspección.

PRODUCT INFLATION

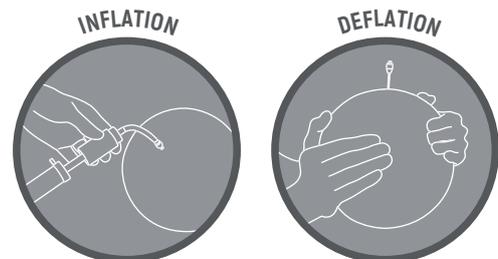

The medium and large size balls and the ride-on toys can be inflated with our hand pump **(99.04 Faster Blaster - page 53)**.

The products which, on the catalogue, are marked with the below logo, can be inflated using a needle pump only **(99.00 Flexi Needle Pump - page 54)**. In order to deflate the product, the needle has to be inserted to make the air come out.

As an alternative, thanks to the **Inflation Adapter**, a common bicycle pump or foot pump can be used.

A children's book featuring Rody helping his friends on a risky adventure

[Available at Amazon](#)

Why is Rody so special?

- **- Improves motor skills.** The Rody horse gives children playtime fun while building muscle and improving little one's motor skills. Bouncing strengthens the leg muscles, while improving arm and grip function as the child holds onto Rody's ears. Core strength builds as the rider moves to balance.
- **- Unique design.** The rounded shape, designed by a merging of spheres, ensures ultimate bounce and safety. Its unique design results in the center being contoured, allowing a naturally balanced and comfortable seat for the rider. Furthermore, the rounded design together with its smiling expression make it a lovable character which has an immediate appeal to children.
- **- Material safety and superior bouncing performance.** The material used, compliant with the most stringent European and US chemical regulations, is a perfect combination of strength, softness and elasticity in order to provide the best riding experience ever.
- **- Versatile like no one.** Thanks to the removable bases (Rocking Base and Speedy Base) you can transform your Rody either in a rocking horse or in a wheeled ride-on toy. In this way, you can increase its functions and extend the possibilities of use.

Ledraplastic S.p.A., founded in 1963, was one of the first manufacturing companies to use the rotational moulding method to work non-toxic vinyl. In the first 20 years, the production process concentrated on the baby toys. The flagship products of these early years were the Disney puppets manufactured under license from the Walt Disney Company. Since the mid-80s, the business has established itself in several market sectors: from toys to fitness, including physiotherapy and wellness. Our own brand, Gymnic - The Way to Move - identifies our product range on the international market and stands for quality products designed to provide movement and well-being to people of all ages.
